True. Also, I received the same correspondence to my address but with a different name. My neighbor did as well. What's really going on City of Inglewood? I returned it to the city. Hopefully the mistake will be corrected and the home owner will receive the correspondence in time. Stay Woke...

Mass mailing error/ residents must demand 7PM council meetings so working residents can be heard/ WE MUST DEMAND MUTUAL BENEFITS NOW OR GO AWAY/ POWER TO THE PEOPLE AND RESIDENTS

Mine was also addressed to another name but my address. I think they want us not to protest the rate increase

My thoughts too.... I took a photo of the envelope that had my address with someone else's name and thought to attach it to the correspondence letter that I submit asking for the rates not to increase with a note stating what happened. Any other thoughts on how to notify our council person?
