My name is _____. I live at _____. My parcel no. (APN) is: _____. I am writing to protest, oppose and disagree with the rate of water service increase. Inglewood has come a long way and still have a long way to go. I assumed as everyone else has, that bringing a stadium and various businesses would improve our city's budget and funds, therefore giving its owners some relief to rising costs. The taxes are very high and you want to raise the water fees too? Well I don't want to be nickel and dime in the city I was raised and now own in. Please find other resources to subsidize whatever costs are needed or lacking- like city counsel salaries.....

Thank you for your time.
